

Name: _____

Date: _____

Directions: As a steward, Adam had the responsibility to care for the Garden. We take on this role of steward with our neighbors and creation today. On the shovel head, write an act of stewardship that we can do as a class for our neighbors within this school. Then cut out the shovel head and tape it to a popsicle stick. At the beginning or end of class, we can choose one at random and do a kind act for our neighbor.
