

Fourth Glorious Mystery - The Assumption

For a long time, Jesus left His Mother on earth. He wanted her to take care of His Apostles, and be the Mother of the new Church. Then one day He quietly sent for her, and with a smile she died. The Apostles came from all over the earth to be at her deathbed. They carried her body to her grave and laid it gently in the ground. Saint Thomas came late, after the burial. When the Apostles took him to the grave, they found it empty and open. Where Mary's body had rested, beautiful lilies were growing. Jesus had sent His angels to bring the body of His Mother to Heaven. It was too pure to rest in the earth. It had served Him so well that it must at once enjoy the happiness of Heaven.
