

Luke 18: 9-14

1. Is the Pharisee experiencing *felix* or *latus* happiness in this passage? What is your evidence?
2. Jesus says, “everyone who exalts himself will be humbled, but he who humbles himself will be exalted.” What impact does humility have on our experience of *felix* happiness?
3. Describe a time that you experienced *felix* happiness at the expense of others (like in this scripture passage). How could humility have helped you maintain your happiness without hurting others?
